## More Program Info

Creative Edge School of Arts is a family-owned business that has been serving Abbotsford since 1991! Our mission is building self-esteem through fine and performing arts. We offer high-quality preschool programming that provides children with a positive introduction to a classroom environment while preparing them for success in school, encouraging creative exploration and providing a safe, caring environment.

Our facility offers extensive office hours, features one-way mirrors in all classrooms and provides additional opportunities for learning in our fine and performing arts add-on classes!

Preschool class curriculum focuses on building social skills and preparing children for kindergarten while exploring fine and performing arts. Creative Edge preschool students attending more than once per week have the opportunity to perform on stage in December and June.

## Enrichment Classes:

In addition to our Preschool, we offer a variety of fine and performing arts classes which can be taken in addition to your preschool registration! These classes can include: Mini Art, Mini Tap, Mini Hip Hop, Predance (ballet), Mini Tumbling, Mini Ballet/Lyrical, Ballet Babies, Parent & Tot Dance, Music Makers, Drama, Competitive Dance and more! Availability of each program varies each year. There will typically be one or two programs that can be taken back-to-back with preschool to extend your child's day. In this case the preschool teachers would sign your child in or out of this 'extender' fine or performing arts class. Registration for these programs opens in June or ask about programs that are available now!

*Good luck with registration and do not hesitate to call or stop by with any questions!*
